

I Think I'm a Clone Now

5

Artifact

⊗, ⊙: Bring a player token into play with ⊗ life. This player is on your team and shares your deck. Treat the player as separate in all other respects. If either you or the token player draw out of the game, you both lose. On the token player's first turn, have it draw 7 cards and bring any of them into play, then draw another 7 cards. Discard normally.
